Company Overview

Founded in 1975 and located in Atlanta, Georgia, The Dobbins Company is a bank-focused firm specializing exclusively in fixed asset appraisals and liquidations of industrial machinery and equipment.

Primary Services

- VALUEFACTS™: Rapid, database-driven appraisals for standard machinery and equipment (often completed within hours; economical pricing starting at $50).
- Desktop Appraisals: Cost-effective valuations prepared from equipment lists supplied by the lender or borrower (no site visit).
- On-Site Appraisals: Full physical inspections with detailed condition assessments for complex portfolios, higher-risk credits, or large facilities.

  (We are NOT Real Estate appraisers)
- Liquidation Services: Structured processes for non-performing assets, including online auctions and sealed-bid sales, designed to maintain commercial reasonableness and maximize recovery.
- Consulting: Business closing consulting, owner self-liquidation plans, and related special assets support.

All work emphasizes compliant processes, transparent reporting, and practical outcomes suited to banking requirements.
